## Attention:

An updated version of the HRSA EHR Selection Guidelines, December 2008,

has now been posted at <http://www.hrsa.gov/healthit/ehrguidelines.htm>

These guidelines were reviewed and updated over the last few months by a committee of clinicians from Health Centers and Health Center Controlled Networks.

Some highlights of the revised version include:

- Enhanced vendor information section highlighting Certification Commission for Health Information Technology (CCHIT) certification of the product and year certified.
- The ability for grantees to reprint pdf versions of CCHIT criteria in contracts with copyright permission from CCHIT.
- Added detail in the Clinical Practice Guidelines specifying guidelines in areas covered by the Health Disparities Collaboratives (Section 7)
- Specification that patient education will be available in English and Spanish (Section 10)
- Added specificity in reporting section highlighting UDS (Section 17)
- New sections on Children's Health and Pregnancy Care (Section 25 and 26)
