

Grant	Due Date	Award Maximum	Match	Eligibility	Notes
Rural Healthcare Outreach Grant	TBD – predict Dec.	TBD – predict \$375,000 over 3 year grant term	NONE	Rural public or nonprofit private entities that include three or more health care providers that provide or support the delivery of health care services	Last available in 2008. Definitely being released in 2011
Rural Health Network Development Planning Grant	October 31 <sup>st</sup>	\$85,000	NONE	<p>The major focus of the Network Planning Grant is to support rural entities in the development of health care networks. The grant program supports one year of planning to develop and assist health care networks in becoming operational.</p> <p>For purposes of the Network Planning grant program, a rural health network is defined as an organizational arrangement among at least three separately owned health care providers that come together to develop strategies for improving health services delivery systems in a community.</p>	<p>Expected number of awards = 15 – very competitive Only 20% for Equipment</p> <p>This might be a good program to combine with others to get full funding but we shouldn't lead with this one since the equipment portion is so small.</p>
Affordable Care Act Capital Development Grant	Phase 1 - October 12 <sup>th</sup> Phase 2 – November 9 <sup>th</sup>	\$500k - \$5m	NONE	<p>a) Applicant is an existing health center that has had an application approved for grant support in FY 2011 under the Health Center Program (sections 330(e), (g), (h), and (i)).</p> <p>b) Application request for funding as presented on Standard Form-(SF)-424C is equal to or greater than \$500,000 and equal to or less than \$5,000,000</p> <p>c) Construction activities</p>	

				<p>associated with the project will not begin prior to the award date</p> <p>d) The project will not be used to support space which will be rented to other entities for the purpose of generating revenue. The project space must be operated by the grant recipient to support services consistent with its Health Center Program grant awarded under section 330 of the Public Health Service Act.</p> <p>e) The proposed project cannot be a sub-recipient or contractor site.</p> <p>f) The applicant organization did not receive a grant award through either the FY 2010 Facility Investment Program (FIP) or FY 2011 Capital Development funding opportunities.</p>	
Service Area Competitions	Multiple	Varies	NONE	<p>Applicants must be public or nonprofit private entities, such as tribal, faith-based, or community-based organizations, that propose to serve a service area and its associated population(s) identified in the Service Area Announcement Table. Eligible applicants include:</p> <ul style="list-style-type: none"> <li>▪ A current Health Center Program grantee whose project</li> </ul>	

				<p>period ends on, or after, October 31, 2011 and before October 1, 2012 that seeks to continue serving its current service area.</p> <ul style="list-style-type: none"> <li>▪ A health center not currently funded through the Health Center Program that seeks to serve an entire announced service area.</li> <li>▪ A current Health Center Program grantee that seeks to serve an entire announced service area in addition to its current service area.</li> </ul>	
School Based Health Centers	Multiple	\$500,000	NONE	<p>SBHCC grants will address significant and pressing capital needs to improve delivery and support expansion of services at school-based health centers. Applicants must demonstrate how their proposal will lead to improvements in access to health services for children at a school-based health center.</p>	<p>Sponsoring facilities are eligible to apply as well. i.e. Hospital, public health department, community health center, etc</p>
New Access Point Grants	Expected this fall	\$650,000	NONE	<p>The NAP is a competitive Health Center Program funding opportunity to support new full-time service delivery site(s) for the provision of</p>	<p>HRSA anticipates that up to \$250 million may be available to</p>

			comprehensive primary and preventive health care services including oral and behavioral health services. New access points address the unique and significant barriers to affordable and accessible primary health care services for the specific population and/or community targeted by the applicants.	support approximately 350 NAP grant awards in FY 2011.
